Φορητή γεννήτρια υποχλωρίου οξέος μηχανής απολύμανσης νερού

All you need is a disinfectant water generator To keep the whole family safe and healthy

It can quickly and effectively eliminate e. coli/-staphylococcus aureus / candida albicans / pseudomonas aeruginosa and other Vi-ru-ses without generating chlorinated compounds with carcinogenic/teratogenic/mutagenic effects

Usable range

Add two tablespoons of salt to 200ml of water.

The effective chlorine content is about 1000mg/L
