Przenośna elektrownia słoneczna o mocy 300 W rozwiązuje nagłe awaryjne przerwy w dostawie prądu

Best for desert island survival

Multiple Outputs and Hours of Power

1
Car refrigerator
5+ hours

Car Outlet
5+ hours

2
Rice cooker
5+ hours

Electric fan
5+ hours

3
Notebook
6+ hours

Cell phone
20-30+Times

4
Camera
20-30+Times

Game console
5+ hours

Product Details

01 LCD Digital Display

02 DC Output

03 LED Light

04 type-C Output

05 USB Output

LCD Digital display

Easily to Know the working status

Hole Of Strap

Comfortable Strap Design

Unique silicone DESIGN

to better protect the car charger Can be opened manually

01
02
03
04
110V 60Hz
Product Details
01 Hole Of Strap
02 Heat Emission Hole
03 AC Output
04 DC Input
AC Ouput
110V/60Hz (Max300W)
APPLicable For Japan
Comfortable handle
Intimate and comfortable
handle design
Heat emission hole
Intelligent temperature
comtrol effectively protects
the power supply

Superior Safety

Input High-Voltage Protection

Output Hith-Voltage protection

Input Current Regulation

Automatic Current Matching

Input Short-Circuit Protction

Device Overcharge Protection

Static Resistance

Output Short-Circuit Protection

Output Current Regulation

Battery Overdischarge Protection

Output Temperature Control

Hours of Power
Laptop 50W
6+ hours
Drone about
5+ Times
Digital camera
20-30+ Times
Smartphone
20-30+ Times
MINI refrigerator 60W
5+ hours
32 inch TV 60W
5+ hours
CPAP 40W
8+ hours
Car Outlet
5+ hours

EXTENSIVE APPLICATION
Let's Go Places with Power
