

10nm -256 16TH/S9

ANTMINER S9 SE

The Legacy Lives On
16 TH/s | 80 J/TH | 1280W

Power Efficiency 80 J/TH

The S9 Special Edition has a power consumption of 1280W and a power efficiency of 80 J/TH, achieving an enhanced performance.

Improved Heat Dissipation

The fan design is adopted to reduce the temperature between the inlet and outlet of the miner. The heat dissipation of the miner is improved, effectively enhancing the performance of the machine.

High Temperature Protection

Built-in high temperature protection mechanism ensures for a safe and reliable operation of the miner.
