

7.9inch * 769 + 1G 16G A31S Quad Core 3800mah Tablet PC 1024

Descripción del Producto:

Chipset	A31S Quad Core de 1 GHz
OS	Android 4.2
RAM	1GB DDR3
Almacenamiento flash	16GB
TF	Tarjeta MicroSD, 32G Apoyo Max
Pantalla	Capacitiva G + G Toque 10point
Resolución de la pantalla	1024x768
Tamaño de la pantalla	7.9 "
Cámara	Front0.3M / real 2.0M
Wi-Fi	802.11 b / g / n
3G Frecuencia	Soporte 3G USB Dongle
Bluetooth	Sí, v4.0
Sensor de giroscopio	Sí
sensor de luz	Sí
La gravedad de detección	Sí
HDMI	Sí
USB	Micro USB (OTG)
Auriculares / MIC	3.5mm
APP	Administrador de archivos, búsqueda de Google, hojeador, galería, reloj, calculadora, Calendario, Correo electrónico, etc.
Ebook	ANSI, UNICODE TXT, PDF, HTML, FB2, PDB, EPUB, etc.
Música / Cine	MP3, WAV, OGG, AAC, WMA, FLAC, RM, AVI, RMVB, MP4, MPG, MPEG, FLV ...
Foto	JPEG, BMP, GIF, PNG
Idioma	Multi-idioma
Color	negro / blanco
Adaptador	5V / 2A Opcional EE.UU.
Tipo de batería	3800mAh / 3.7V * 1 caja de regalo 1 * Manual del usuario
Accesorios	1 * Cargador 1 * Cable USB 1 * OTG cable

The first 64-bit processor tablet

CNET Testing Center measured data

V819i Quad-Core Intel Bay Trail-T processor, the perfect support for 64-bit computing, the performance is far better than the traditional 32-bit processor, with a response rate of 80ms, bringing experience the most rapid touch response.

Baytrail-T Z3735 Intel quad-core processors

Baytrail-T Z3735 Intel quad-core X86 processor core architecture, with ultra-high frequency 1.83GHz. With the new generation Turbo Boost Technology, 2MB cache, performance ultra-mainstream tablet 2 times.

The world's most advanced process

A global leader in chip technology

Intel 22nm than 28nm process leading to more than a year! Unique 3D crystal tube manufacturing technology can improve performance by 30% while maintaining the low pressure or power constant while reducing power consumption by 50%.

8 inches IPS hard top screen

G+G Full-fit technology, a better touch

Top IPS hard screen, 189ppi resolution sharper than the same 8.0 inches more than 18% of the mainstream flat-panel, wide viewing angle of 178 degrees to display.
