

**Avalon Miner 1066 50t asic BTC mineur Canaan minière puce
asic algorithme SHA-256 PSU intégré**

The image shows a white, rectangular mining hardware unit, the Avalon Miner 10 series, positioned on the left side. The unit features a stack of three cooling fans on the left side and a power input port on the right. The background is a dark, starry space scene with a glowing blue arc. The text is overlaid on the right side of the image.

AvalonMiner 10 series
