

**300W portable power station solar renewable energy solves sudden emergency power outages**

**Best for  
desert  
island**

**survival**

# Multiple Outputs and Hours of Power

 **1**  
Car refrigerator  
5+ hours

 Car Outlet  
5+ hours

 **2**  
Rice cooker  
5+ hours

 Electric fan  
5+ hours

 **3**  
Notebook  
6+ hours

 Cell phone  
20-30+Times

 **4**  
Camera  
20-30+Times

 Game console  
5+ hours

## Product Details

- 01 LCD Digital Display
- 02 DC Output
- 03 LED Light
- 04 type-C Output
- 05 USB Output

LCD Digital display

Easily to know the working status

Hole Of Strap

Comfortable Strap Design

Unique silicone DESIGN

to better protect the car charger Can be opened manually

## Product Details

- 01 Hole Of Strap
- 02 Heat Emission Hole
- 03 AC Output
- 04 DC Input

### AC Output

110V/60Hz (Max300W)  
APPLICable For Japan

### Comfortable handle

Intimate and comfortable  
handle design

### Heat emission hole

Intelligent temperature  
control effectively protects  
the power supply

# Superior Safety

-  Input High-Voltage Protection
-  Output High-Voltage protection
-  Input Current Regulation
-  Automatic Current Matching
-  Input Short-Circuit Protection
-  Device Overcharge Protection
-  Static Resistance
-  Output Short-Circuit Protection
-  Output Current Regulation
-  Battery Overdischarge Protection
-  Output Temperature Control

# Hours of Power

Laptop 50W  
**6+ hours**

Drone about  
**5+ Times**

Digital camera  
**20-30+Times**

Smartphone  
**20-30+ Times**

MINI refrigerator 60W  
**5+ hours**

32 inch TV 60W  
**5+ hours**

CPAP 40W  
**8+ hours**

Car Outlet  
**5+ hours**

# EXTENSIVE APPLICATION

## Let's Go Places with Power
