

**La centrale elettrica portatile da 300 W di energia rinnovabile solare risolve improvvise interruzioni di corrente di emergenza**

**Best for  
desert  
island**

**survival**

## Multiple Outputs and Hours of Power

 Car refrigerator 5+ hours	<b>1</b>	 Car Outlet 5+ hours
 Rice cooker 5+ hours	<b>2</b>	 Electric fan 5+ hours
 Notebook 6+ hours	<b>3</b>	 Cell phone 20-30+Times
 Camera 20-30+Times	<b>4</b>	 Game console 5+ hours

## Product Details

- 01 LCD Digital Display
- 02 DC Output
- 03 LED Light
- 04 type-C Output
- 05 USB Output

LCD Digital display

Easily to know the working status

Hole Of Strap

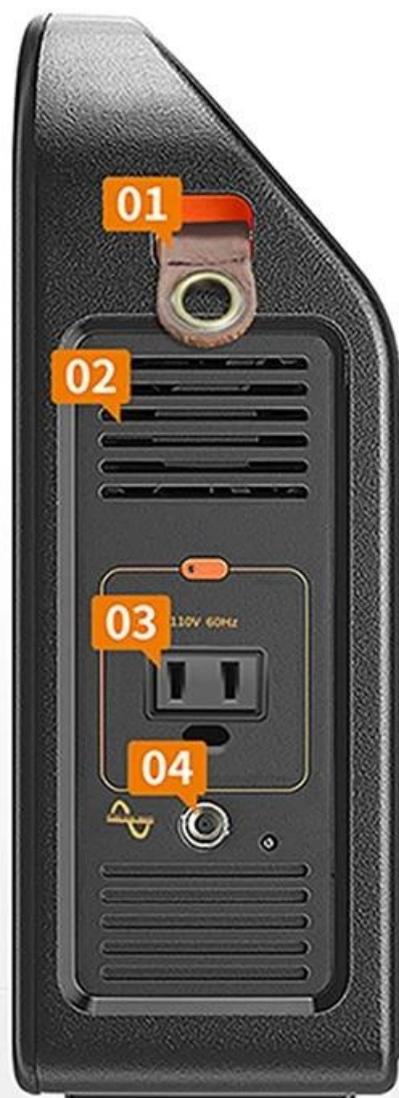

Comfortable Strap Design

Unique silicone DESIGN

to better protect the car charger Can be opened manually

## Product Details

- 01 Hole Of Strap
- 02 Heat Emission Hole
- 03 AC Output
- 04 DC Input

### AC Output

110V/60Hz (Max300W)  
APPLICable For Japan

### Comfortable handle

Intimate and comfortable  
handle design

### Heat emission hole

Intelligent temperature  
control effectively protects  
the power supply

# Superior Safety

-  Input High-Voltage Protection
-  Output High-Voltage protection
-  Input Current Regulation
-  Automatic Current Matching
-  Input Short-Circuit Protection
-  Device Overcharge Protection
-  Static Resistance
-  Output Short-Circuit Protection
-  Output Current Regulation
-  Battery Overdischarge Protection
-  Output Temperature Control

# Hours of Power

Laptop 50W  
**6+ hours**

Drone about  
**5+ Times**

Digital camera  
**20-30+Times**

Smartphone  
**20-30+ Times**

MINI refrigerator 60W  
**5+ hours**

32 inch TV 60W  
**5+ hours**

CPAP 40W  
**8+ hours**

Car Outlet  
**5+ hours**

# EXTENSIVE APPLICATION

## Let's Go Places with Power
