

7.9inch 1024 * 769 1G + 16G A31S 3800mah PC

Table

Processor	A31S 1GHz
OS	Android 4.2
RAM	1GB DDR3
Storage	16GB
TF	MicroSD up to 32GB
Resolution	1024x768
Screen Size	7.9"

Camera	Front 0.3M / Rear 2.0M
LAN	802.11 b / g / n
3G	3G USB
Bluetooth	V4.0
WiFi	
GPS	
HDMI	
USB	USB OTG
Charging	3.5mm
APP	Google Play Store
File Formats	ANSI, UNICODE, TXT, PDF, HTML, FB2, PDB, EPUB
Audio	MP3, WAV, OGG, AAC, WMA, FLAC, RM, AVI, RMVB, MP4, MPG, MPEG, FLV ...
Image	JPEG, BMP, GIF, PNG
Power	5V / 2A
Battery	3800mAh / 3.7V
Accessories	1 * Charger 1 * USB Cable 1 * OTG Cable

Table

The first 64-bit processor tablet

CNET Testing Center measured data

V819i Quad-Core Intel Bay Trail-T processor, the perfect support for 64-bit computing, the performance is far better than the traditional 32-bit processor, with a response rate of 80ms, bringing experience the most rapid touch response.

Baytrail-T Z3735 Intel quad-core processors

Baytrail-T Z3735 Intel quad-core X86 processor core architecture, with ultra-high frequency 1.83GHz. With the new generation Turbo Boost Technology, 2MB cache, performance ultra-mainstream tablet 2 times.

The world's most advanced process

A global leader in chip technology

Intel 22nm than 28nm process leading to more than a year! Unique 3D crystal tube manufacturing technology can improve performance by 30% while maintaining the low pressure or power constant while reducing power consumption by 50%.

8 inches IPS hard top screen

G+G Full-fit technology, a better touch

Top IPS hard screen, 189ppi resolution sharper than the same 8.0 inches more than 18% of the mainstream flat-panel, wide viewing angle of 178 degrees to display.
