

Przenośna elektrownia słoneczna o mocy 300 W rozwiązuje nagle awaryjne przerwy w dostawie prądu

Best for desert island survival

Multiple Outputs and Hours of Power

 Car refrigerator 5+ hours	1  Car Outlet 5+ hours
 Rice cooker 5+ hours	2  Electric fan 5+ hours
 Notebook 6+ hours	3  Cell phone 20-30+Times
 Camera 20-30+Times	4  Game console 5+ hours

Product Details

01 LCD Digital Display

02 DC Output

03 LED Light

04 type-C Output

05 USB Output

LCD Digital display

Easily to Know the working status

Hole Of Strap

Comfortable Strap Design

Unique silicone DESIGN

to better protect the car charger Can be opened manually

Product Details

- 01 Hole Of Strap
- 02 Heat Emission Hole
- 03 AC Output
- 04 DC Input

AC Output

110V/60Hz (Max300W)
APPLICable For Japan

Comfortable handle

Intimate and comfortable
handle design

Heat emission hole

Intelligent temperature
control effectively protects
the power supply
