

300W portable power station solar renewable energy solves sudden emergency power outages

Best for desert island survival

Multiple Outputs and Hours of Power

 Car refrigerator 5+ hours	1  Car Outlet 5+ hours
 Rice cooker 5+ hours	2  Electric fan 5+ hours
 Notebook 6+ hours	3  Cell phone 20-30+Times
 Camera 20-30+Times	4  Game console 5+ hours

Product Details

- 01 LCD Digital Display
- 02 DC Output
- 03 LED Light
- 04 type-C Output
- 05 USB Output

LCD Digital display

Easily to Know the working status

Hole Of Strap

Comfortable Strap Design

Unique silicone DESIGN

to better protect the car charger Can be opened manually

Product Details

- 01 Hole Of Strap
- 02 Heat Emission Hole
- 03 AC Output
- 04 DC Input

AC Output

110V/60Hz (Max300W)
APPLICable For Japan

Comfortable handle

Intimate and comfortable
handle design

Heat emission hole

Intelligent temperature
control effectively protects
the power supply

Superior Safety

- 
Input High-Voltage Protection
- 
Output High-Voltage protection
- 
Input Current Regulation
- 
Automatic Current Matching
- 
Input Short-Circuit Protection
- 
Device Overcharge Protection
- 
Static Resistance
- 
Output Short-Circuit Protection
- 
Output Current Regulation
- 
Battery Overdischarge Protection
- 
Output Temperature Control

Hours of Power

EXTENSIVE APPLICATION

Let's Go Places with Power
