- DirectX™ 12 and Vulkan® support
- For information on AMD Radeon™ VR Ready Premium visit amd.com/VRready

[3] Does not support all features including but not limited to Hardware Acceleration

WINDFORCE 3X COOLING SYSTEM

The 3X unique blade fans feature alternate spinning and screen coating for efficient heat dissipation.

The large copper plate and heat pipes enhance heat dissipation.

Screen-cooling

Extended heatproof design allows for fans to pass through, providing better heat dissipation.

RGB FUSION 2.0

With 16.7M customizable color options and numerous lighting effects, you can choose lighting effects or synchronize with other AORUS devices.

PROTECTION METAL BACK PLATE

The metal back plate not only provides an aesthetic shape, but also enhances the structure of the graphics card to provide complete protection.

WARNING:
This product contains electrical components that pose a fire hazard or risk of electric shock. Do not touch after handling.
* Hardware features cannot be used for safety or other critical applications.
† Hardware acceleration may not be available on some devices or configurations. Visit amd.com/radeon for more information.
* The specifications and prices are subject to change without notice.
* AMD is not responsible for product-related issues or damages caused by unauthorized users.
