

Hot vender 7.9 "tablet pc Android 4.2 1G + 16G com Wi-Fi BT

Descrição do produto:

Chipset	A31S Quad Núcleo de 1GHz
OS	Android 4.2
RAM	1GB DDR3
Armazenamento flash	16GB
TF	Cartão MicroSD, Suporte Max 32G
Tela	Capacitivo G + G Toque 10point
Resolução da tela	1024x768
Tamanho da tela	7.9 "
Câmera	Front0.3M / real 2,0M
Wi-Fi	802.11 b / g / n
3G Frequência	Suporte 3G USB Dongle
Bluetooth	Sim, v4.0
Sensor de giroscópio	Sim
sensor de luz	Sim
Sensoriamento gravidade	Sim
HDMI	Sim
USB	Micro USB (OTG)
Headset / MIC	3,5 milímetros
APP	Gerenciador de arquivos, o Google Search, Browser, Galeria, relógio, calculadora, Calendário, Email, etc
Ebook	ANSI, UNICODE TXT, PDF, HTML, FB2, PDB, EPUB etc

ONDA V819i

Have Faith and Expect the Best

The first 64-bit processor tablet

CNET Testing Center measured data

V819i Quad-Core Intel Bay Trail-T processor, the perfect support for 64-bit computing, the performance is far better than the traditional 32-bit processor, with a response rate of 80ms, bringing experience the most rapid touch response.

Baytrail-T Z3735 Intel quad-core processors

Baytrail-T Z3735 Intel quad-core X86 processor core architecture, with ultra-high frequency 1.83GHz. With the new generation Turbo Boost Technology, 2MB cache, performance ultra-mainstream tablet 2 times.

The world's most advanced process

A global leader in chip technology

Intel 22nm than 28nm process leading to more than a year! Unique 3D crystal tube manufacturing technology can improve performance by 30% while maintaining the low pressure or power constant while reducing power consumption by 50%.

8 inches IPS hard top screen

G+G Full-fit technology, a better touch

Top IPS hard screen, 189ppi resolution sharper than the same 8.0 inches more than 18% of the mainstream flat-panel, wide viewing angle of 178 degrees to display.
