Hot vender 7.9 "tablet pc Android 4.2 1G + 16G com Wi-Fi BT

Descrição do produto:

Chipset	A31S Quad Núcleo de 1GHz			
OS	Android 4.2			
RAM	1GB DDR3			
Armazenamento flash	16GB			
TF	Cartão MicroSD, Suporte Max 32G			
Tela	Capacitivo G + G Toque 10point			
Resolução da tela	1024x768			
Tamanho da tela	7.9 "			
Câmara	Front 0.2M / rool 2.0M			

Câmera Front0.3M / real 2,0M Wi-Fi 802.11 b / g / n

3G Frequência Suporte 3G USB Dongle

Bluetooth Sim, v4.0
Sensor de giroscópio Sim
sensor de luz Sim
Sensoriamento gravidade Sim
HDMI Sim

USB

Micro USB (OTG)
Headset / MIC 3,5 milímetros

APP Gerenciador de arquivos, o Google Search, Browser, Galeria, relógio,

calculadora, Calendário, Email, etc

Ebook ANSI, UNICODE TXT, PDF, HTML, FB2, PDB, EPUB etc

Have Faith and Expect the Best

The first 64-bit processor tablet

CNET Testing Center measured data

V819i Quad-Core Intel Bay Trail-T processor, the perfect support for 64-bit computing, the performance is far better than the traditional 32-bit processor, with a response rate of 80ms, bringing experience the most rapid touch response.

Baytrail-T Z3735 Intel quadcore processors

Baytrall-T Z3735 Intel quad-core X85 processor core architecture, with ultra-high frequency 1.83GHz. With the new generation Turbo Boost Technology, 2MB cache, performance ultra-mainstream tablet 2 times.

The world's most advanced process

A global leader in chip technology

Intel 22nm than 28nm process leading to more than a year! Unique 3D crystal tube manufacturing technology can improve performance by 30% while maintaining the low pressure or power constant while reducing power consumption by 50%.

8 inches IPS hard top screen

G+G Full- fit technology, a better touch

Top IPS hard screen, 189ppi resolution sharper than the same 8.0 inches more than 18% of the mainstream flat-panel, wide viewing angle of 178 degrees to display.
